

BETHEL HIGHLANDS PRESCHOOL

All of our classes are formatted for developmentally appropriate expectations. Each day includes a balance of structured and guided unstructured time. Classrooms are set up to encourage growth in spiritual, physical, emotional, social and cognitive development; in a manner that reaches all learners.

Our customized curriculum is unrivaled—utilizing our state-of-the-art facility, music room, art room, and Sanctuary. Each month includes theme-based lessons, a focus on social skills, and academic skill-builders. A detailed assessment tool allows us to focus on individual goals and to ensure kindergarten success.

Small class sizes and excellent, dedicated teachers allow children to feel comfortable and confident in their first school setting. This, in turn, sets the stage for a positive attitude towards learning - an important indicator of all future academic achievement.

All students must be potty trained AND independent in the bathroom. "Pull-ups" and diapers are not allowed. All students must be functional in a classroom with a 1:10/1:13 teacher to student ratio. *See policies for more

Note: BHP reserves the right to cancel or change certain classes due to enrollment or staffing issues.
